

Driveway Throat Table

Category	Throat Width		Throat Length ¹
	Minimum	Maximum	Minimum
Residential: 1 - 3 Units	12'	16'	15'
One Lane Access	15'	20'	20' ²
Two Lane Access	24'	30'	24' ²
Three Lane Access	32'	36'	24' ²
Signalized and Other Access	Per OSTA and/or Site Plan Approval		

Notes

1. Throat length to be measured from nearest edge of road, bicycle, or pedestrian way, as applicable.
2. If angled parking, space for parking maneuvers shall not encroach on accessway throat.
3. See Provisions 56, 57, & 58 of the Bloomfield Rights of Way Manual for location, grading, and flare requirements, and requirements where a street sidewalk is crossed. (Applicable to all access drives.)
