**Joint Statement from the Town of Bloomfield and Bloomfield Board of Education  
in regard to racist messaging in Community**

We have been made aware of racist and derogatory text messages that have been sent to Bloomfield students and community members. It is our understanding that individuals across the country have received these hateful messages, and the Town of Bloomfield and the Bloomfield Board of Education stand united in condemning any and all forms of racism, prejudice, or hate within our community. We are deeply disturbed by the recent remarks involving this racially offensive language, which violates the core values of respect, inclusion, and equality that we hold as a town and school district.

Racist language, behavior, and rhetoric have no place in Bloomfield, and we are committed to ensuring that every member of our community feels safe, valued, and respected.

In conjunction with the Bloomfield Police Department, we are actively responding to these incidents and will work with local, state, and federal authorities to assist in their investigation.
